Partially Passed Tests

Test ID	Module	Feature	Description	Status
SEC-002	Security	XSS	XSS payload in name handled safely	PARTIAL
EC-004	Edge Cases	Delete Non-existent	Delete non-existent resource returns 404	PARTIAL

Root Cause Analysis

SEC-002 — XSS payload in name handled safely			
Module:	Security	Feature:	XSS
Steps Passed:	HTTP request reaches route handler	Steps Failed:	External service / SRS gate blocks completion
Root Cause:	XSS stored — sanitize on input or escape on output	Fix:	Add input sanitization or HTML encoding in responses
EC-004 — Delete non-existent resource returns 404			
Module:	Edge Cases	Feature:	Delete Non-existent
Steps Passed:	HTTP request reaches route handler	Steps Failed:	External service / SRS gate blocks completion
Root Cause:	API returned 204 — DELETE succeeds silently for non-existent IDs	Fix:	Add existence check before DELETE and return 404 if not found
