| Test ID | Module | Feature       | Description                             | Reason                         |
|---------|--------|---------------|-----------------------------------------|--------------------------------|
| N-004   | Notes  | B2 Upload URL | B2 upload URL endpoint gated behind SRS | SRS gate by design — not a bug |

### Dependency Chain

Register Admin !' Create Subject !' Create Chapter !' Create Topic

Create Exam !• Create Question !•%

Any step failure cascades and skips all dependent tests.

### How to Unblock

- Resolve all failures shown in the Failed Tests Report.
- Re-run the QA suite — the DB cleanup will reset state.
- Skipped tests should automatically unblock once their prerequisites pass.
